

AUCKLAND REGIONAL GRADING EXAMINATIONS DEC'10

The 4th of December'10 Shinryukan came together to hold their end of year regional grading examinations at Hombu Dojo, Mt Eden Auckland. Supporting those members taking part on the day were friends, family and loved ones.

Like many of the members participating senior instructors from Auckland, Waitakere, Waikato and abroad also assisted on the day by offering up themselves as willing "crash test dummies" more commonly known as Uke's.

Over fifty plus members took part in being examined from 5th Kyu to Sandan. After the days activities Takase Shihan spoke regarding being impressed with all examination levels while also mentioning the need for all to be constantly aware of their surroundings while being examined or while taking Ukemi.

The day proved to very enjoyable with the examinations finishing four and a half hours after commencing. The day concluded with beaming smiles on all and examinees thanking their fellow members for assisting with ukemi.

Congratulations to everyone who graded and thank you to those people that participated in support of the December 2010 Auckland Regional Examinations.
